

**TAMBUTI LODGE DIRECTION SIGN BOARDS ARE WELL POSTED STARTING ON THE MAIN ROAD TILL YOU REACH US**

The B8 is the main artery on which people arrive and depart, though it actually skirts the town of Rundu.

You must turn left before the buzzing Engen service station and Wimpy shop to get right into Rundu itself. Taking this turn brings you right past the sports stadium on your right and on to a TRAFFIC CIRCLE (having another two petrol station, one on your right hand side before entering the circle (TOTAL Bonjour) and one on your left after the circle (Engen). Here you see the next one big signboards for Tambuti Lodge.

Tambuti is only 1,2km from here. After 500m you meet a three way stop. On both your left and right hand you have many shops.

Continue straight on, and you eventually meet the old river road at a T-junction facing Omashare Hotel. Turn straight to your left and follow the signboards of Tambuti Lodge which is only 400m from here on.

After 200m you turn right to a small tired road leading down to the river. You will pass the Ministry of Forestry's nursery on your left before reaching Tambuti Lodge on your left hand side.

Simply put Tambuti Lodge into your GPS or Garmin Track4Africa, it will direct you to us. Follow the main tare road till you turn right to the river on Mbwangungu Hamutenya street (Beach road) (Do not use the wetland road)
